

VULCAN COUNTY **Roadside Spraying Policy**

PRIORITIES

- (a) reseed roads in the spring and fall, as time and weather permit
- (b) general spraying of areas with Kochia during June to mid July (prior to seed set)
- (c) spot spraying of Canada and sow thistle from mid July until mid August
- (d) non-selective vegetation control on road surface from May until July

AREAS NOT SPRAYED

- (a) adjacent to farmsteads
- (b) adjacent to shelter belts
- (c) private land
- (d) private lanes (including oil and gas wells)

HAY PERMITS

- (a) spraying will be restricted to four feet along the shoulder of the road if a permit is registered prior to May 31st.
- (b) cut swath is not to be sprayed.
